The rate for municipal purposes 3 1/2 mills on \$; Debentures, 1890, 1 mill; School District No. 3, 5 mills; Separate School No. 6, 9 mills. The municipal rate will depend upon the ratifying of the \$7000 By-law upon which a vote will be taken on 1st prox. Should the by law not be carried, the rate will be more than double in order to pay for necessary improvements that must be done, and are being done at present.

DEATH OF COL. BEDSON.

Ottawa, July 17.—Col. Bedson, who was stricken with paralysis this morning passed peacefully away at 6:15 this evening. The remains will be forwarded to Winnipeg for interment. J. H. Secretan passed the day at his bedside, along with Capt. Oswald, of Winnipeg. Both gentlemen and Constable Stewart of the Dominion police were present when Bedson breathed his last, Dr. Powell having gone a few minutes earlier. Undertaker Rogers has embalmed the body.

We regret to learn that Staff Sergt. Waller, of the N. W. M. P., lost this week by death a fine little boy of eight years. Sergt. and Mrs. Waller have the sympathy of their many friends in Prince Albert.

Owing to rush of work since he has been here, Mr. F. Steele, of Steele & Wing, photographers, has made a much longer stay here than he intended. Mr. Steele hopes to get through here and proceed westward in about a week's time. The secret of this artist's success lies in the fact that he makes a study of each subject as they come, and he is aided by the excellent finish to the work by the firm in Winnipeg.

COMMUNICATIONS.

It must be distinctly understood that we do not hold ourselves responsible for the opinions expressed by correspondents.

CORRECTION.

To the Editor of the Times.

Sir,—Your contemporary, the Saskatchewan, in the issue of the 1st of this month states that "report hath it that Mr. Hayter Reid has been almost compelling attendance at the Battleford school."

As your readers would probably prefer facts to reports, I have the pleasure of placing the following information at your disposal:

I was constantly with Mr. Commissioner Reed during his visit to this Agency, from which were drawn a large proportion of the recent additions to the numbers of pupils at Battleford school, and I assert, with full knowledge of his proceedings, that no undue influence, and no pressure of any kind was brought to bear on the Indians. The Indian Commissioner simply and very kindly pointed out to them the advantages that their children would derive from the instruction given at the Industrial School.

Your contemporary is apparently surprised that "Indians" should undertake to write letters to newspapers, and I have no reason to doubt that his correspondent is an Indian under the definition of the Indian Act. Most of your readers are doubtless aware of the fact that a large number of half-breeds preferred to the freedom of the white man, the light control and generous assistance (the latter far beyond what is due under treaty obligations) of the Indian Department. These people have settled on Indian Reserves and inter-married with Indians, but it would appear that the English faith in the efficacy of "writing to the papers" still clings to some of them. The real Indian takes a quicker and more effectual way of making his wants and grievances known. He states them to his Farmer, from whom he can appeal to his Agent, and, if not satisfied by the local officials, he can bring them before an Inspector or the Commissioner. I have yet to hear of a case in which such appeals were not fully heard and justly dealt with.

I am, sir,

Your obedient servant,

J. FINLAYSON,

Indian Agent.

SALOONS.

On the 1st day of August a municipal By-law comes into force which will, beyond all doubt, demonstrate the urgent need of a radical change in the present Territorial liquor law. Places known as saloons will not, after that date, be allowed to remain open unless endorsed by two-thirds of the resident ratepayers within the ward in which it is proposed to carry on the business, and the payment of an annual licence of \$100.

The Bill respecting the H. B. R. R. passed the House without a division. The Liberals made a strong fight against the measure, but in the face of an assured majority of forty in favor of the project, the party retreated. It is a significant fact that every leading man in the Opposition opposed the Bill and only two from the back benches spoke in its favor, all showing just what treatment Manitoba and the Territories might expect were a change of administration to take place. Fortunately, however, no such calamity is likely to overtake the country.

The people's Joseph, otherwise the Hon. Jos. Martin, seems to be having a season of extremely uphill work in Manitoba just now. After being bounced out of Selkirk by Mr. Daly, he only retained the confidence of his old constituency by a slender majority. When his celebrated school law is seen hanging by a thread in the Supreme Court, and he ceases to be any longer the party dictator by being allowed to slide out of office without exciting any visible regret amongst his colleagues, and in his effort to square himself before the people, he goes for the *Free Press* with the result that he is mulched into a heavy bill of costs, and for a cabinet minister, certainly comes out of court with a somewhat shattered record. Man must not try to run the earth.

PRINCE ALBERT WILL BE REPRESENTED.

The suggestion originally made by the Immigration Committee, that for this year it would be wise to forego the holding of our annual agricultural show this fall, and turn our attention towards making an eastern exhibit, is, on the whole, a wise one. More practical results are certain to follow the carrying out of the Committee's idea of making a good exhibition of the products of Saskatchewan soil at the principal eastern fairs.

We feel that the expense attached to the getting up of a special car for this district would be greater than our circumstances would warrant the committee in assuming, but a valuable exhibit on a smaller scale could be gotten up, neatly arranged and boxed in cases made specially for the purpose, and forwarded first to Winnipeg and afterwards to some principal points further east. Knowing the pleasure Mr. Henderson has always taken in forwarding the general interests of our town and country, we feel that the committee would experience no difficulty in securing his valuable services to look after the display at Winnipeg as well as the other eastern points, and that his remuneration and other expenses

would not be at all out of proportion to the amount of good almost certain to be accomplished by the carrying out of the exhibit scheme. We trust the directors of the Agricultural Society will see the wisdom of acting on the suggestion of the committee. A majority of the members of the Society will certainly back up energetic action in this connection.

POP.

Outsiders must realize, when their attention is called to the provisions regulating saloons in our town, that the state regulations governing prohibition in the Territories, are not considered by our citizens to be anything like strong enough, for the Council have framed a law which demonstrates a determination to stamp out the drinking of all fluids excepting perhaps tea, coffee and water. Soda water, ginger ale and the other various kinds of pop will not, after the 1st of August, be tolerated within the boundaries of our royal town unless two-thirds of the people demand that such luxuries be allowed. No reasons are given for such a law being passed, but the ratepayers can presume that the knowledge of our city fathers on such questions is complete. We could easily understand their action were these places kept open for the purpose of selling strong drink, but when such is not claimed, we fail to see reason or common sense in the course they have taken. Scores of residents may be found who claim that liquor is being daily sold in these places of resort, but the Council can hardly use that as a reason for denying a people the privilege of squandering their hard earned money on pop, glorious pop, at a low price, and without being forced to get up a petition before they can get the drink. If liquor is being sold or other illegal practices are carried on in these places, the Council should see that their officers do their duty or replace them by others who will see that law and order are maintained, and if that bright and sparkling liquid usually known as Pop is injurious, stop the sale of it also, but if harmless, allow the people to have it, and have it cheap. Under the benignant influence of a state prohibitory law no liquor can be sold, and our Town Council now say that pop, that glorious drink which cheers but does not inebriate, can only be secured at a large outlay of time and money and even then, the people, not the Town Council, must shoulder the responsibility of allowing it at all. We are ready at all times to assist the authorities in upholding the law, but on the pop question we draw a line. From our earliest boyhood we have been accustomed to this sparkling drink, and when its reign is assailed and it becomes a question of Pop or no Pop, we're for Pop every time.

DUCK LAKE.

The citizens of Duck Lake met at Fairview, Mrs. Douglass's house, on Wednesday evening last, and presented the following address to W. B. Cameron, for a long time clerk of the Indian Agency here:

To W. B. Cameron, Esq.

DEAR SIR,—We have learned with sincere regret that you are to be transferred from this office and shortly to leave us. A few of us have met to-night to give you a "send off," not on the "toes of our boots" but on the wings, we hope, of a bright future; and also to express our appreciation of your many entertaining and gentlemanly qualities. Not only do we your associates at Duck Lake owe you a debt of gratitude for the many long winter evenings, far away for a time from social enjoyments, whiled away most pleasantly by the presence of yourself, your voice and guitar, but our country also is not likely to forget the terrible massacre at Duck Lake, when your coolness and courage saved your life from such departed friends as Big Bear and Wandering Spirit. There is a noticeable fact mentioned by many during the past few days, that the noble red men among whom you have been living, one and all regret your departure as that of a good friend. We only wish we had had some time to express our good wishes by something more tangible than words, that you might carry with you to remind you of a year and a half spent in Duck Lake, but hope that you will carry this little paper in your grip, and hope this may recall some pleasant reminiscences. Wishing you success in whatever work you may be engaged, believe us ever sincerely your friends,

A. B. STEWART, M.D.,
and 25 others.

Dr. Stewart was elected chairman, with H. C. Adams as vice. After justice had been done to the finest dinner ever given in this place, the usual toasts were drunk, Mr. Steele replying to the Queen in a few very neat remarks, "The Old Settlers" brought up our worthy postmaster, Mr. Fisher and James Stevenson, "The Press" was very ably responded to by Mr. W. J. Poyer, and "The ladies" received more than ordinary justice at the hands of Mr. A. E. St. Laurent, of the C. P. K.

Mr. Cameron in replying to the toast of the evening, "Our Guest" made a first-class speech, surprising all who had the pleasure of hearing him.

Owing to the suddenness of Mr. Cameron's departure very few knew of the dinner, it being gotten up with only a few hours notice.

The two horses rescued from the fire at Mr. Drain's on Monday are improving rapidly. This week has been almost entirely taken up by our police court investigating the recent assault between Joseph Arcand and Bozil Plante, which resulted in dismissal on Friday, each to pay his own costs. J. P. Mitchell, McKenzie and Davis acted as magistrates with W. R. Gunn as prosecuting Attorney, and Alex. St. Laurent as interpreter.

Miss McDonald of your town is visiting relatives here.

Insp. Huot is in town inspecting the detachment.

Dr. Porter spent the week with us and returned on Saturday's train. The Doctor is very popular here.

John Dallas is busy re-marking the town lot stakes.

New hay is coming in and is sold at \$5 per ton.

PRESBYTERY OF REGINA.

This Presbytery met at Whitewood on Wednesday, the 8th of July. There were present Messrs. Campbell, Robson, Clay, Rochester, Geddes, Welsh, Hamilton, McCaul, Bompas, Robertson, with Messrs. McAllister, Cumming and Campbell, missionaries. Mr. Robson of Fort Qu'Appelle, was appointed Moderator for the ensuing year. A committee to strike Standing Committees reported the following for the year, the first named being convener in each case:—Foreign Missions: Messrs. H. McKay, Robson, Campbell, Moore and A. McDonald. Home Missions, Messrs. Douglas, Clay, Hamilton, Carmichael, McCaul and Bompas. Sabbath Schools, Messrs. Ferry, Matheson, Bryden, Welsh, Crawford and Rothwell. Sabbath Observance, Messrs. Statistics and Finance, Messrs. Hamilton, Douglas and McCaul. Systematic Benevolence, Messrs. Campbell, Rochester, Ferry, Clay, and Bompas. Committees appointed to examine session records reported favorably regarding the records of Regina, Moose Jaw, and Whitewood. A call from Indian Head to the Rev. J. K. Welsh with a guaranteed stipend of \$750 per annum was reported. It was decided to hold a special meeting at Indian Head at the call of the Moderator to receive the call, which has been returned, for further signatures. Instructions from Synod about the names of Mr. John Fotheringham and Dr. Jardine were followed, and the recommendations of the Synod and Systematic Benevolence were agreed to. An application from Moosomin for a loan of \$500 from the Church and Manse Building Board was recommended to the favorable consideration of the Board. The same was done with an application from Prince Albert congregation for a loan of \$1500. The Prince Albert congregation was given leave to sell portions of its property, and to mortgage the manse property, so as to complete the church in process of erection, to the extent, with the loan, to make the sum of \$2200. Intimation was given of the placing of Mr. Geddes' name on the roll of aged and infirm ministers. It was intimated that \$250 were expected from the Presbytery for Manitoba College. The allocation of this amount was left with the committee appointed. The next regular meeting of Presbytery was appointed to be held at Wolsley on the second Wednesday of September next, at 9:30 in the forenoon. In the evening, at a public meeting, a conference upon the subject of missions was held, Mr. Robson, the moderator, presiding. Several addresses were given, and discussion followed, resulting in a pleasant and profitable evening, and a liberal collection.

Woodman's sale commences at 11 a.m. to-morrow morning. Get there early.

A Holmes, contractor, is erecting a fine one story building on River Street, to be used as a store. The building is 24x50.

Miss Way, a sister of our genial postmaster, arrived from the east by Saturday's train, and intends making Prince Albert her home.

Dr. Reid has opened an office on Second Street, in the building opposite the old telegraph office. See his card on first page.

We regret to hear that Mr. Wymers-kirch, of the Cosmopolitan, has been suffering for the past two weeks from a severe attack of gout.

The Rev. Jas. Woodsworth, Supt. of missions in the Methodist church, will preach here on Sabbath next morning and evening.

F. W. Shea has removed his stock of tobaccos, cigars, fruits etc., to the new store recently erected by G. T. Brown. It is a handsome little store, and well adapted for a business of that kind.

Don't forget that Woodman's auction sale of valuable household furniture, piano, dwelling house, town lots, horses, harness, etc., takes place to-morrow. The sale commences at 10 a.m. See advertisement.

Mr. Fawcett will complete the burning of his first kiln of brick this evening, and expects to commence their delivery next week. Another kiln of 120,000 is nearing completion, and will be ready for the fire in a few days.

Work on the Presbyterian church and Central School foundations has been completed, and the builders are now waiting for brick to complete the walls. Carpenters are busy preparing the wood work at both buildings.

Don't fail to attend the picnic at Maiden Lake, on Friday next, under the patronage of the members of the Methodist church. A good time is being prepared for. Plenty of boating, swinging etc. Don't miss it.

Chester Thompson, the old timer of the east end, has reopened his black smith shop. He has made a great reduction in prices, and will be pleased to have all his old and any new customers give him a call.

Mrs. Soper, of Morristown, N. Y., who has been visiting her daughter, Mrs. Macleise, for the past few weeks left for home on Monday's train, having thoroughly enjoyed her visit to our fair town.

H. E. Ross, Inspector of Weights and Measures, is going the rounds of the different stores in town, testing and correcting the weights and scales of the merchants. When through with Prince Albert he will proceed to Battleford.

The teachers and scholars of the St. Alban's Sunday school desire to express their thanks to the members of the congregation and others who so kindly contributed funds and provisions for the picnic held on 10th inst.

Messrs. Hurd & Nelson have promoted Coun. Donaldson's single story cottage to a two story residence. The addition has been plastered inside and out, and now presents a roomy and comfortable looking appearance.

Mr. J. M. Coombs, assignee for the Knowles estate, is offering for sale by tender some eighty acres of land on the McKay property. Ten acres of this property are in the town limits, with the balance immediately adjoining. Read advertisement in another column.

Mr. Acton Burrows, President of the Nor-West Farmer Printing & Publishing Company, offers a handsome solid silver cup value \$50 for the best herd of short-horns, consisting of a bull and four females for breeding purposes, to be shown at the Winnipeg Industrial Exhibition from Sept. 26 to October 2. Entries must be sent to the secretary-treasurer of the Exhibition at Winnipeg not later than September 14. The cup will be suitably engraved with the name of the exhibitor, particulars of the competition etc., so as to be a permanent trophy of the prize ring and it is expected there will be strong competition for it.

This week D. C. McLellan & Co. are advertising a change in their business relations. The firm in future will be known as Hutchings & McLellan. Parties indebted to the old firm are requested to call and settle up accounts at once.

The amateur minstrel club of F Division intend giving an entertainment at the Barracks on Thursday evening, July 30th. The Police boys are making all possible preparations and a first class performance is promised. The affair will be under the management of Prof. Jackson.

Read Shannon's advertisement this week. He has marked his goods away down, and prices are now lower than ever. He intends to get rid of the bulk of his stock before removing to the new premises he is about erecting. Don't miss the bargains. Now is the time to buy.

Grading on our streets is now going rapidly on, and some good work is being done. McKay street has been graded to the top of the hill, and is now the best roadway out of the town going south. People from the country and others with loaded vehicles are taking advantage of its easy ascent.

In conversation with Mr. Plaxton, M. L.A., he informed us that his crops never looked as well advanced at this season of the year as they do at present. A ten acre field of Ladoga wheat, he says, could not be surpassed. He feels certain of reaping a large crop from off this field.

A very enjoyable time was spent on Friday evening, in the Methodist church. The social given by the R. T. of T. was a great success. The good things provided by the ladies of the society replenished the cravings of the inner man, while the very able addresses of Arch-deacon Geo. McKay and the Rev. Mr. Rochester were an intellectual treat to those present. The chair was occupied by Mr. Stull.

The ladies of St. Alban's church congregation are holding a promenade concert and festival at the Saskatchewan Curling Rink to-morrow evening. There will be a jolly evening spent, and everybody should attend. The price of admission is very low—twenty cents, and ten cents for children. Don't miss it. Prof. Jackson will be there with his bones and banjo.

The picnic to Maiden Lake next Friday promises to be a most enjoyable affair. The lake gives a fine course of over half a mile for boating. Lunch will be provided at noon and in the evening for 25 cents. An interesting literary programme is also promised. Teams will leave the Methodist church at 10 a.m. and 2 p.m., to carry free of charge those desirous of going out. It is to be hoped that a large number will attend.

A fine portrait, on heavy plate paper, of the Hon. J. J. C. Abbott, the new Premier of Canada, is issued as a special supplement with the last number of that excellent journal, the Dominion Illustrated. There is also a sketch of his life, and views of his Montreal residence, as well as of Earncliffe, Ottawa, recently leased by him from Lady Macdonald. There are in the same issue a number of fine military views, in which figure the Queen's Own, Toronto; Royal Scots, Montreal, and the officers of the 65th Batt., Montreal. Among general articles, "A Day at Monaco and Monte Carlo," is illustrated with views of Monaco and the Theatre of Monte Carlo. This week's issue is an unusually fine one.

Saturday last being somewhat of a slack day, our "devil" took a stroll down to the east end, and not having been in that vicinity for some six years, found things very much changed and improved. The Hudson's Bay Company were sending nine flatboats loaded with supplies for the Cumberland district, to that Post, in charge of the indomitable Capt. Smith. On entering their store he was very much struck with the changed appearance and neatness of the establishment, and says it reminded him of old times to see all hands from the officer in charge, including captains, engineers, clerks etc., down to the warehouseman, all busy as bees attending to the wants of their many customers—the store being thronged with people getting supplies. He also called at the old stand of the energetic Chester, and had a long conversation from which he could learn that the consequence of having too many irons in the fire proved true in his case, and that henceforth he intended to again wield the sledge in the old fashioned manner—and to stick to it. Owing to the intricacies and windings of that far-famed sidewalk, some little difficulty was experienced in navigating, otherwise the jaunt was a very pleasant one.
